KSHT-F01

FTTH Compact Closure

Description:

The **KSHT-F01** is designed as a compact size, easy installation device for small count of optical cable splice and protection. It can be applied on environments of underground/duct, aerial and wall mount, the selected high strength engineering plastic material to assure superior protection capability from harsh environment such like aging, corrosion.

Features:

- Compact design for FTTH application
- Hinged structure
- Sheath retention & central strength member **fasten** system included
- Ribbed closure construction and lightweight plastic offers strength
- Resistance to chemical and UV attack
- Installation and reentry with a minimum of tools
- All hardware **are included**
- Protection class: IP 67
- ROHS compliance

Application:

Underground, Duct installation, Aerial installation, Wall Mounting

Basic technical information:

Sealing type   Mechanical
Weight (excluding packing box, kg)   0.8
Max. number of trays   1
Working temperature   -40 to +65°C

Specifications:

Model No	Size (mm) L x W x H	Cable ports	Capacity	Material	Protection Class
KSHT-F01	300 x 107 x 38	4 ports, each port for cable with max. diameter 10mm	12 splices	MPP	IP 67

Ordering code: KSHT-F01
