

FC/LC hybrid adapters

Description:

The new hybrid adapters are a solution for hybrid applications where new SFF (Small Form Factors) need to be inserted into existing environments. The innovative space-saving design and high precision coupling systems ensure reliable mating with low insertion loss and high return loss characteristics. The hybrid adapters are available standard in FC-LC version. OPTOKON can also develop custom hybrid adapters upon request

Features:

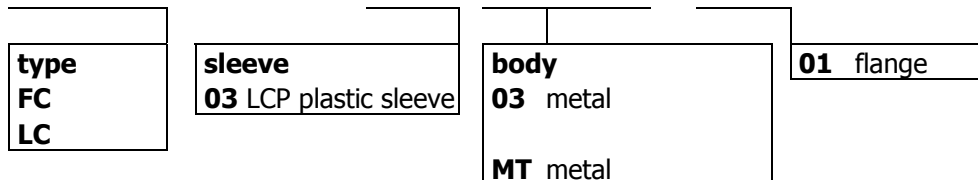

- Simplex panel cutouts
- All metal housing
- Flange for easy installation
- LCP plastic sleeve
- Hybrid types provided

Application:

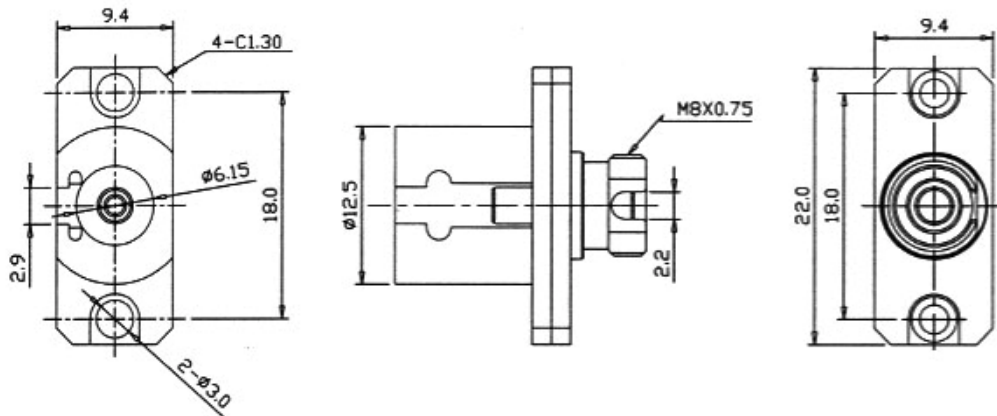

- Telecom
- LAN, WAN
- CATV
- Sensor Systems
- Measuring Technique
- Utilities, Railways

Ordering code:

A - FC-LC / PC - XX - XX XX - XX
